

— ISCAS Conference Special Offer —
Beautiful photographs of the Grand Canyon and the Southwest
by artist photographer Alain Briot!

Hello to all the ISCAS conference attendees! You have seen my work on all the ISCAS materials —poster, proceedings books and CD, and web site. Now, how would you like to own your very own, limited edition artwork of your favorite image, beautifully hand-printed and matted? Well, it's not only possible and easy but very affordable as well. Just fill in the order form on this other side of this page and mail it back to me. And, you will benefit from a special, not to be repeated, 20% discount from my already affordable regular prices. This offer is valid for two weeks after the end of the conference, or until June 15th!

Visit my web site at www.beautiful-landscape.com

All my prices are on my web site at www.beautiful-landscape.com. There you can find the title of each photograph and learn about sizes and prices. Just take 20% off any price and that is what you pay as an ISCAS attendee.

But you don't even have to visit my site (although you really will enjoy the experience if you do). All you have to do is use the order form provided here. If you don't know the title of the photograph you like just describe it as best as you can. I will be able to tell which one it is. If you don't mind including your phone number I can call you in case I need to make sure I am shipping you the right photograph.

Two great sizes, matted or framed, at a 20% discount only for ISCAS attendees!

There are two very convenient sizes which I want to present to you here. First, 11"x14", mat size, which is a great size for a limited space area or as an accent in a larger room. Matted, this size is normally \$45, but for the ISCAS conference it is only \$36. If you would prefer to invest in it framed, in a stunning hand made, southwest design inlay frame, so that all you have to do when you receive it is proudly hang it in your home or office, then it is only \$105, minus the ISCAS 20% discount, which brings it to only \$84. That's all, for a beautifully framed photograph will for years to come will bring back wonderful memories of your visit to Arizona and of the 2002 ISCAS conference!

The other size I would like to tell you about is 16"x20", mat size, which again is regularly priced at \$95, but which for the ISCAS conference is only \$76, a 20% off saving as I already said. Again, if you would prefer it framed, in the same beautiful hand made, southwest design inlay frame, it would cost you only \$195 normally, but because of my special ISCAS offer you can own this stunning piece, which by the way is a limited edition print of only 100 copies of each photograph, for just \$156!

Have your photographs shipped to you 100% insured and traceable!

Shipping is a flat \$15 for matted photographs and \$25 for framed photograph in the continental US. For overseas orders just add \$10 to these prices. Shipping includes insurance and tracking number so that if anything happened to your package you are covered- just contact me and I will ship you a replacement right away. I can also provide you with the tracking number over phone or email so you know exactly when to expect your package.

Invest in beautiful original artwork which will remind you of your visit for years to come!

The photographs selected for this conference were all created in the most breathtaking natural locations in Arizona! Each of them took many, many hours of planning and often involved going back to a specific location over and over again until everything -the sun, the clouds, the shadows, the composition - was "just right," just the way I wanted it to be. I am a perfectionist, and I don't want to think about how much film I used in the creation of each of these unique pieces of artwork! To me they are like paintings and what matters is the final result, as I am proud to present it to you today.

Which one of these beautiful images is your favorite?

Testimonials

"Thank you for shipping our photograph so quickly. The packing was incredibly sturdy and our artwork arrived in perfect condition. Although we did not need it we do appreciate the fact you insured it and placed a tracking label on it."

Joan Bassler

Concord, Massachusetts

"I shall treasure your artwork as a memento of my experience traveling West and visiting a Grand Place."

Lynda Dillon

Middletown, Delaware

"Your artwork has become part of our family heirloom and we look forward to passing it to our children and our grandchildren. Although it has been several years since we purchased it we never tire of admiring it. Every day it reminds us of our visit to Arizona and to the Grand Canyon."

Craig and Linda Fox

Tampa, Florida

"Alain Briot is one of the most successful landscape photographers working in the American Southwest today. His work is widely exhibited and collected."

Michael Reichmann

Publisher, Luminous-Landscape.com

Your limited edition artwork, framed or unframed, comes double matted in a beautiful "Desert Sand" or white mat, bevelled-cut to museum standards! (I almost forgot to mention this!)

Each mat is cut by hand, by myself, and you can choose either a double white mat, for a traditional photographic presentation, or a Desert Sand mat (light beige), for a more Southwestern presentation. Each mat is hand cut by myself, and truly accents the inherent beauty of each photograph. The choice of color is yours, and there is no extra charge for this service, as it is included in the prices mentioned on the other side of this page!
